

PARTNERSHIP AGREEMENT TEMPLATE

This Partnership Agreement template is part of a suite of resources, also including a Collaboration Guidance Note and a Guide to Developing and Managing Partnerships, provided to assist ACFID Members in the implementation of their obligations in relation to collaboration in the Code of Conduct and to strengthen practice over time.

INTRODUCTION

The purpose of a partnership agreement is to express the shared intent of the partnership and the roles and responsibilities of different parties. The formality and nature of the partnership will determine how prescriptive the agreement between the parties needs to be.

It is an ACFID Code of Conduct requirement to have partnership agreements in place to govern formal partnerships. The Compliance Indicators which Members must extend to partners through MOUs or similar are listed below. The verifier for each of these requirements in the Quality Assurance Framework provides further advice on how ACFID Members can demonstrate compliance.

1.4.1 Members demonstrate their organisational commitment to the safeguarding of children.

1.4.2 Members have a code of conduct that advances child safeguarding behaviours and applies to all personnel, partners and project visitors.
--

1.4.3 Members have a documented child safeguarding incident reporting procedure and complaints handling procedures that aligns with principles of privacy and promotes safety and dignity.

7.3.1 Members demonstrate an organisational commitment to operating transparently with all stakeholders.

7.3.2 Members development initiatives consistently demonstrate the separation of development activities from non-development activities.

7.3.3 Members enable stakeholders to make complaints to the organisation in a safe and confidential manner.
--

8.2.1 Members can control and manage their financial resources and risks.
